

Cathode Ray Tube Television

This is a cathode ray tube (CRT) television set. It features a rectangular screen, a dark cabinet, and visible speaker mesh.

Product Overview

Vintage Visual Performance

This cathode ray tube television offers a classic viewing experience with the signature aesthetic of traditional CRT technology. Designed with a sturdy cabinet featuring integrated side-mounted speaker mesh, it provides a robust housing for the internal vacuum tube. The unit is equipped with tactile front-facing controls, offering a reliable interface for traditional media setups.
