

CD Storage Cases and Sleeves

These CD storage solutions include standard jewel cases and cardboard sleeves. The jewel cases are clear plastic, designed to protect CDs from scratches and damage, while the cardboard sleeves offer a compact and eco-friendly storage option.

Product Overview

Professional CD Storage Solutions

This collection of CD storage solutions provides versatile options for archiving, distribution, and organization. The range includes durable, clear plastic jewel cases designed to protect discs from scratches and physical damage, alongside eco-friendly cardboard sleeves for compact storage. These solutions are ideal for professional media distribution or long-term personal archiving needs.
