---	---

The EYP403 face shield features a clear, impact-resistant polycarbonate visor and a robust polypropylene holder, designed for versatile protection.

Professional Grade Face Protection

The EYP403 full face shield is engineered to provide comprehensive protection against dust, liquid splashes, sparks, and low-energy impact hazards. Featuring a high-clarity polycarbonate visor and a durable polypropylene holder, it is designed for consistent performance in industrial, laboratory, and agricultural environments. The system includes a removable visor design for easy maintenance and is compatible with safety helmets to support extended, comfortable wear.
