

# Ceiling and Floor Mounted Air Conditioner

This ceiling and floor mounted air conditioner is designed for efficient climate control in commercial spaces. The unit features a sleek design and user-friendly control panel, ensuring optimal airflow and temperature distribution.

## Product Overview

### Versatile Climate Control

This light commercial air conditioner features a slim, fashionable design that saves space while maintaining a high-quality aesthetic. Engineered for flexibility, the unit supports both ceiling and floor mounting, making it ideal for spaces where embedding is not possible. With advanced air duct design and wide-range supply capabilities, it ensures consistent, comfortable temperatures throughout the room.

## Technical Features
