

Ceiling Fan with Light

This ceiling fan provides both cooling and lighting solutions. It is ideal for residential use and features a rounded housing and pull chains for operation.

Product Overview

Dual-Function Ceiling Fan

This versatile ceiling fan combines efficient air circulation with ambient lighting in one sleek package. Featuring a classic four-blade design and a central frosted glass globe, it provides both cooling comfort and illumination for residential spaces. The unit is operated via convenient pull chains, ensuring straightforward control for any user.
