

# Ceiling Mounted Clothes Drying Rack

This ceiling-mounted clothes drying rack features dual parallel bars for hanging clothes. It utilizes a pulley system for raising and lowering the bars, making it ideal for indoor use in homes or apartments.

## Product Overview

### Efficient Laundry Drying Solution

This ceiling-mounted clothes drying rack is designed to maximize space in homes and apartments by utilizing overhead areas for laundry. It features a convenient pulley system that allows users to easily raise and lower the dual parallel bars for effortless loading and unloading. Constructed from high-quality aluminum alloy and durable components, this rack provides a reliable and long-lasting solution for indoor laundry drying.

## Technical Specifications

### Design Features

- Ceiling-mounted installation
- Dual parallel bar configuration
- Integrated pulley system
- Indoor use optimization

### Construction Materials

Aluminum Alloy, Durable Plastic

## Usage

### Best For

Indoor Use • Apartments • Homes
