

Centrifugal Juicer for Home Use

This centrifugal juicer quickly extracts juice from fruits and vegetables, separating pulp into a separate container. Its wide feeding chute accommodates large pieces, reducing prep time.

Product Overview

Centrifugal Juicer for Home Use

This centrifugal juicer is designed specifically for efficient home use, featuring a wide feeding chute that accommodates large pieces of produce to minimize pre-cutting. The system effectively separates pulp from juice into a dedicated container, ensuring a smooth juicing experience. Equipped with a safety locking arm and a single-speed motor, it prioritizes both user safety and ease of operation. Designed for convenience, the unit is easily disassembled, with most components being dishwasher-safe for quick cleanup.
