

Ceramic Sink with Marble Countertop

This is an oval-shaped ceramic sink integrated into a marble countertop. The countertop has a curved edge and a seamless integration with the sink.

Product Overview

Elegant Marble and Ceramic Integration

This premium sink combination features a high-quality ceramic basin seamlessly integrated into a sophisticated marble countertop. The smooth, glossy white finish of the sink provides a clean aesthetic, while the natural veining of the marble adds a touch of luxury to any space. Designed for both durability and style, this unit is an ideal choice for high-end bathroom or powder room installations.
