

Children's Pink and White Bicycle with Training Wheels

This single-seat bicycle is designed for young children. It features training wheels, a front basket, decorative tassels, and a padded seat with a backrest.

Product Overview

Designed for Young Riders

This charming pink and white bicycle is specifically engineered for children who are beginning their cycling journey. It features a stable step-through frame design for easy mounting and dismounting, complemented by reliable training wheels to ensure safety while building confidence. With its decorative tassels and integrated front basket, it combines practical utility with a playful style that children love.
