

Children's Pink and White Tricycle with Storage

This pink and white tricycle is designed for young children learning to ride. It features a front wheel with yellow pedals, a molded plastic seat, and a small storage compartment.

Product Overview

Designed for Early Riders

This children's tricycle is designed to provide a stable and engaging introduction to cycling for young riders. Featuring a durable metal tubing frame and a balanced three-wheel configuration, it ensures both safety and fun during play. With its intuitive design, including a molded seat and convenient front storage, it is the perfect choice for toddlers building their coordination skills.
