

Children's Steel Frame Bicycle

This children's bicycle has a steel frame and fork for durability. It comes in sizes 12, 16, and 20 inches and includes both caliper and band brakes.

Product Overview

The bicycle design utilizes a classic two-wheel frame architecture, optimized for stability and ease of use.

Durable Children's Steel Frame Bicycle

This children's bicycle is engineered with a robust steel frame and fork, providing a stable and long-lasting platform for young riders. Available in multiple sizes including 12", 16", and 20", it caters to various age groups and skill levels. Equipped with training wheels and a reliable dual-braking system, it ensures a safe and confident learning experience for beginners.
