

Children's Steel Wagon with Wooden Stake Sides

This wagon features an all-steel seamless body with no-scratch edges and wooden stake sides. Its extra-long handle folds underneath the wagon for convenient storage.

Product Overview

Rugged Utility Wagon for Children

This children's steel wagon features high-quality wooden stake sides, providing a classic look with durable construction for outdoor use. Designed to handle a weight capacity of up to 150kg, it is capable of carrying a variety of toys and supplies during playtime. The wagon rolls on large 10-inch air tires, ensuring a smooth and reliable experience across diverse terrains.
