

Children's Tricycle with Two Rear Wheels

This children's tricycle has a blue frame with yellow wheels and seat. It is designed with two wheels at the rear for stability and a single wheel at the front.

Product Overview

Designed for Stability and Fun

This children's tricycle is engineered with a stable three-wheel configuration, featuring two rear wheels to provide extra balance for young riders learning to pedal. The tricycle is constructed with a durable metal frame and solid tires, ensuring longevity and reliability during play. Its ergonomic, contoured seat and easy-to-grip handlebars make it a comfortable and safe choice for toddlers and young children.
