

Chilled, Ambient, and Hot Water Dispenser

This water dispenser provides a convenient and reliable solution for chilled, ambient, and hot water. With a durable construction and user-friendly interface, it is suitable for various environments, including offices, schools, and homes.

Product Overview

Versatile Water Dispensing Solution

The 106Z-3 Series water dispenser provides a reliable and convenient solution for accessing chilled, ambient, and hot water in a single unit. Designed for durability and ease of use, it features an intuitive digital display for precise temperature monitoring and control. This versatile system is well-suited for high-traffic environments such as offices, schools, and residential settings, ensuring long-term performance and simplified maintenance.
