

# Christmas Stocking Cake Pan

This metal cake pan is shaped like a Christmas stocking. It features detailed molding to create a festive design when the cake is baked.

## Product Overview

### Festive Holiday Bakeware

This Christmas stocking-shaped cake pan is designed to bring holiday cheer to any professional kitchen or bakery display. Crafted from high-quality, heat-conductive metal, it ensures even baking and precise detailing for every cake. The intricate molding captures the essence of a traditional stocking, including the cuff, textured patterns, and decorative foot embellishments, making it an ideal choice for seasonal themed desserts.
