

Chrome Finish Hair Curling Iron with Adjustable Temperature

This professional hair curler features a chrome finish, spring clamp, and built-in stand. It has adjustable temperature settings, a rapid heating system, and an automatic shut-off function.

Product Overview

Professional Styling Versatility

This professional-grade curling iron features a sleek chrome finish and is designed for maximum styling versatility with seven detachable heads. Engineered for efficiency, it utilizes a PTC quick heat-up system to reach temperatures up to 200 , making it suitable for a wide range of hair types. The ergonomic, anti-slip handle and swivel cord ensure comfortable, precise control during salon-quality styling sessions.
