

Chrome-Finished Brass Angle Valve

This brass angle valve is designed for plumbing applications. It features threaded connections for secure installation and a lever handle for easy on/off control.

Product Overview

Professional Chrome-Finished Brass Angle Valve

This durable brass angle valve is designed for reliable water flow control in both residential and commercial plumbing systems. Featuring a high-quality chrome finish, it offers excellent corrosion resistance and an aesthetic appeal suitable for visible installations. The valve is engineered for secure connections to fixtures such as toilets, sinks, and faucets, utilizing a user-friendly lever handle for smooth on/off operation.
