Product Overview

Professional Grade Adjustable Wrench

This high-quality adjustable wrench is precision-engineered from durable chrome vanadium steel, offering exceptional strength and longevity for demanding tasks. Featuring a smooth-operating worm gear and a precision-machined jaw, it ensures a secure grip and accurate adjustments for various fastener sizes. The chrome-plated finish provides superior resistance to rust and corrosion, making it an essential, long-lasting tool for automotive, plumbing, and general mechanical applications.

Technical Specifications

Material	Chrome Vanadium Steel
Length	12 inch
Finish	Chrome Plated

Features

Key Features

- Precision-machined jaw
- Smooth worm gear adjustment
- Corrosion-resistant chrome finish
- Integrated hanging hole for storage

Applications	Automotive, Plumbing, General Repair, Mechanical
