

Classic Cruiser Bicycle with Steel Frame

This bicycle features a classic cruiser design with a black frame accented by red and silver details. It's equipped with whitewall tires, front and rear fenders, and a comfortable saddle.

Product Overview

Classic Cruiser Design

This classic cruiser bicycle offers a timeless aesthetic combined with reliable construction. Built with a durable steel frame, it is designed for comfort and ease of use during leisurely rides on paved surfaces. The simple single-speed drivetrain and coaster brakes ensure low-maintenance operation for riders.
