Product Overview

Professional Grade Claw Hammer

This high-quality claw hammer is engineered for durability and precision in demanding construction and woodworking environments. Featuring a robust 45# carbon steel head, it provides excellent striking force, while the integrated claw allows for efficient nail removal. The ergonomic fiberglass handle with TPR grip ensures comfort and control, significantly reducing user fatigue during extended use.

Technical Specifications

Head Material	45# Carbon Steel
Handle Material	Fiberglass
Grip Material	TPR (Thermoplastic Rubber)
Head Finish	Polished, Powder Coated

Applications & Usage

Primary Applications

- Carpentry
- Construction
- General Repairs
