

Clear Anti-Fog Safety Goggles

These safety goggles protect eyes from impacts, dust, and chemical splashes. They feature a clear, scratch-resistant lens, adjustable elastic headband, and indirect venting to minimize fogging.

Product Overview

Clear Anti-Fog Safety Goggles

These clear safety goggles are engineered to provide reliable eye protection against impacts, dust, and chemical splashes in demanding work environments. Featuring a durable polycarbonate lens, they offer optimal visibility while maintaining high resistance to scratches. The adjustable elastic headband ensures a secure and comfortable fit for extended wear, and the integrated indirect venting system effectively minimizes fogging.

Technical Specifications

Lens Material	Polycarbonate
Anti-Fog Protection	Yes
Ventilation	Indirect Venting
Strap Design	Adjustable elastic headband
