Product Overview

Professional Coffee Cooling Solution

This compact, integrated cooling unit is specifically designed to complement professional coffee setups. With a precise temperature control range of 2°C to 8°C, it ensures optimal storage conditions for milk and coffee ingredients. Its sleek, space-saving design makes it an ideal addition to modern coffee stations where efficiency and aesthetics are paramount.

Technical Specifications

Power Consumption	120 W
Nominal Voltage	220V/50HZ
Temperature Control Range	2 -8
Effective Volume	9.8 L

Dimensions and Weight

Overall Dimensions

477 mm Width	210 mm Depth	448 mm Height
