

Collapsible Garden Wheelbarrow with Pneumatic Tire

This collapsible wheelbarrow features a green fabric container supported by a black metal frame. It is equipped with a single pneumatic tire and folding legs for easy storage.

Product Overview

Collapsible Garden Wheelbarrow

This versatile garden wheelbarrow features a collapsible design, making it an ideal storage solution for landscaping and gardening tasks. Built with a durable black metal frame and a robust fabric container, it offers a practical balance of strength and portability. The inclusion of a pneumatic tire ensures smooth movement across uneven terrain, while the folding legs allow for compact storage when not in use.
