

Collapsible Reflective Warning Triangle

This reflective warning triangle alerts drivers to roadside emergencies. Its collapsible design includes support legs and a carrying case.

Product Overview

Roadside Emergency Safety

This collapsible reflective warning triangle is an essential safety tool designed to enhance visibility during roadside emergencies. Its high-visibility red outer frame and intuitive design ensure that other drivers are alerted promptly to stalled vehicles. Featuring a space-saving collapsible frame and stable support legs, this product offers a perfect balance of reliability and portable convenience for professional vehicle fleets.
