

Combination Microwave Oven and Induction Cooktop

This combination appliance integrates a microwave oven and an induction cooktop. It provides both rapid heating and precise temperature control in a single unit.

Product Overview

High-Efficiency Foot-Activated Pump

The A5/A model is a robust, foot-activated air pump engineered for rapid and efficient inflation tasks. Designed with durability in mind, this tool is ideal for maintaining tires and various inflatable items. Its compact and reliable construction makes it a practical solution for professional and personal use.
