

Combination Pliers with Insulated Grip

These combination pliers are designed for gripping, twisting, and cutting tasks. They feature serrated jaws for a secure hold and insulated handles for enhanced safety and comfortable use.

Overview

Professional Combination Pliers

These combination pliers are engineered for versatility and safety in demanding professional environments. Featuring a robust metal construction with hardened cutting edges, they excel at gripping, twisting, and cutting tasks across electrical and mechanical applications. The ergonomic, insulated handles provide both enhanced grip and necessary protection, ensuring comfort and reliability during extended use.

Technical Specifications

Jaw Design

- Serrated jaws for secure hold
- Hardened cutting edges

Construction Material	Robust Metal
Handle Features	Insulated, Ergonomic, Enhanced Grip

Applications

Primary Applications

Electrical • Mechanical • General-Purpose
