

Commercial Beverage Display Freezer

This compact beverage display freezer is designed for commercial use. It features a transparent glass door for clear product visibility, adjustable shelves for flexible storage, and an energy-efficient cooling system to maintain optimal temperatures for beverages.

Product Overview

Compact Commercial Cooling Solution

This commercial beverage display freezer is engineered for reliability and efficient product showcasing in busy retail environments. Featuring a compressor-based cooling system with adjustable temperature controls, it maintains an optimal climate between 0-10 °C for various beverages. Its compact design and transparent glass door make it an ideal choice for convenience stores, cafes, and restaurants looking to maximize visibility and sales.

Technical Specifications

Cooling System	Compressor
Temperature Range	0-10
Refrigerant	R134a (60g)
Climate Class	N

Power & Efficiency

Input Power	104 W
Daily Consumption	1.2 kWh/24h
Voltage Compatibility	110V/60Hz, 200-240V/50Hz

Dimensions & Logistics

Weight

31 kg

Net Weight

34 kg

Gross Weight

Container Loading Capacity

Container Type	Capacity
20GP	88
40GP	192
40HQ	288

Product Dimensions (WxDxH)	480 x 460 x 850 mm
