

# Commercial Beverage Display Freezer

This compact freezer is designed for the commercial display of beverages. It efficiently chills and showcases bottled drinks with internal illumination and branded graphics, making it ideal for retail environments.

## Overview

### Compact Commercial Cooling Solution

This commercial beverage display freezer is designed to provide efficient cooling and high-visibility merchandising for retail environments, bars, and convenience stores. Featuring a compact footprint and internal illumination, it ensures your bottled beverages are kept at the perfect temperature between 0-10°C. Its versatile power compatibility makes it suitable for various international markets, while the robust compressor cooling system ensures reliable performance.

## Performance & Cooling

Cooling System	Compressor
Temperature Range	0-10°C
Refrigerant	R134a
Refrigerant Charge	45 g
Climate Class	N

## Electrical Specifications

### Key Power Metrics

<b>76 W</b> Input Power	<b>0.85 kW-h/24h</b> Consumption
----------------------------	-------------------------------------

Voltage Compatibility	110V/60Hz, 200-240V/50Hz
-----------------------	--------------------------

## Dimensions & Logistics

### Dimensions

Type	Dimensions (WxDxH mm)
Product	435 x 475 x 689
Carton	480 x 511 x 726

### Weight

**22 KG**

Net Weight

**24 KG**

Gross Weight

### Container Loading Capacity

- 20GP: 108/144 pcs
- 40GP: 228/288 pcs
- 40HQ: 108/288 pcs
