

Commercial Beverage Display Freezer

Compact beverage display freezer designed for commercial use. It features a transparent glass door for product visibility, adjustable shelves, and temperature control to maintain optimal cooling.

Overview

Compact Commercial Cooling Solution

This commercial beverage display freezer is designed to provide efficient cooling and high product visibility for retail environments. Featuring a manual temperature control system, it maintains a consistent climate between 0-10°C, ensuring beverages are served at the ideal temperature. Its compact footprint makes it an excellent choice for countertop or limited-space applications where product presentation is a priority.

Technical Specifications

Cooling System	Compressor-based
Temperature Range	0-10°C
Refrigerant	R134a (40g)

Electrical Requirements

Input Power	82 W
Daily Power Consumption	0.7 kW·h/24h
Voltage Compatibility	AC110V/60Hz, 200-240V/50Hz

Dimensions & Capacity

Weight

19 KG
Net Weight

21 KG
Gross Weight

Product Dimensions (W x D x H)	400 x 415 x 733 mm
Internal Dimensions (W x D x H)	330 x 275 x 470 mm
Packing Dimensions	445 x 446 x 777 mm

Logistics

Container Loading Capacity

Container Type	Capacity (Units)
20GP	195
40GP	390
40HQ	390
