Product Overview

Professional Commercial Ice Maker

This high-performance commercial ice maker is engineered for reliability in demanding environments such as restaurants, hotels, and bars. Featuring a durable 304 stainless steel construction and a compact, luxurious design, it seamlessly integrates into professional workspaces. The unit operates with full automation, including water shortage detection and storage full control, ensuring efficient, high-quality bullet-shaped ice production with minimal energy consumption.

Performance Metrics

Production Capacity

25 kg/24h
Ice Production

7 kg
Storage Capacity

Input Power 240 W

Ice Shape Bullet

Technical Specifications

Voltage Compatibility

- 220V/50Hz
- 220V/60Hz
- 110V/60Hz

Refrigerant R290, R134a

Cabinet Material Stainless Steel 304

Dimensions and Logistics

Container Loading

Container Type	Quantity
20' Container	135
40' HQ Container	285

Product Dimensions (W*D*H) 398*542*632mm

Weight (N.W/G.W) 30kg / 32kg

Features

Safety & Automation

Power-overload protection • Water shortage detection • Full storage control • Automatic water supply
