

Commercial Industrial Ventilation Unit

This ventilation unit is designed for commercial and industrial applications. It operates on both 110V and 220V AC power.

Overview

Commercial Industrial Ventilation Series FR-1200A

The FR-1200A is a robust ventilation unit engineered for demanding commercial and industrial environments. Designed for efficient air circulation and exhaust, this unit ensures optimal air quality and consistent performance. Its durable construction guarantees reliability and long-lasting operation in challenging settings.

Technical Specifications

Model Number	FR-1200A
Rated Voltage (AC)	110V / 220V
Application	Commercial, Industrial
