

Commercial Refrigerated Display Counter

This refrigerated display counter is designed for commercial kitchens and food service. It features a stainless steel exterior and interior, providing a consistent temperature environment for storing perishable items.

Product Overview

Professional Refrigeration Solution

The RTY6 ventilated refrigerated counter is a professional-grade unit engineered for demanding food service environments. Featuring a robust stainless steel construction, it ensures maximum durability and adheres to strict hygiene standards. The advanced ventilated cooling system guarantees uniform temperature distribution, while the flexible shelving and mobility features allow for seamless integration into any busy kitchen workflow.
