

# Commercial Single Cabin Truck Chassis

This single cabin truck chassis is designed for commercial vehicle applications. Its robust frame and heavy-duty suspension allow for various body configurations to suit different business needs.

## ADDITIONAL IMAGES

## Overview

### Commercial Single Cabin Truck Chassis

This versatile commercial truck chassis is designed for professional applications, providing a reliable platform for various body configurations. Built with a robust frame and powered by a durable 120Hp engine, it is engineered for consistent performance under demanding conditions. The 4x2 drive system and efficient transmission ensure excellent maneuverability and productivity for diverse business logistics needs.

## Key Metrics

### Performance Metrics

**120 Hp**

Horsepower

**88 Kw**

Engine Power

**6435 Kg**

Gross Vehicle Weight

## Vehicle Parameters

Dimensions (L x W x H)	5900 x 1880 x 2160 mm
Curb Weight	1900 Kg
Wheelbase	3360 mm

## Engine & Powertrain

### Engine Specifications

Feature	Specification
Model	4KH1-TCG40
Delivery Capacity	2999 ml
Drive Type	4x2

Transmission	MSB-5SM (5 Forward, 1 Backward)
--------------	---------------------------------

## Configuration

### Electrical System

- Free Maintenance Battery
- 90A Generator

Standard Features	Power Steering, Air Conditioning, ABS, Tubeless Tires
