Product Overview

Commercial Refrigeration Excellence

This robust under-counter refrigeration unit is engineered for demanding commercial kitchen environments. Constructed with a high-grade stainless steel exterior, it offers both durability and ease of sanitation. The unit integrates precise digital temperature management with efficient cooling components, ensuring optimal food preservation and consistent performance for busy food service establishments.

Technical Specifications

Performance Metrics

25 Units

Rated Capacity

Refrigerant Compatibility

R600a, R290

Design and Features

Core Features

- Stainless steel exterior finish
- Digital temperature control interface
- Adjustable shelving system
- Adjustable leveling feet
- High-efficiency compressor system

Internal Components

System Architecture

Component	Function
Compressor	Cooling circulation
Copper Tubing	Insulated thermal transfer
Electronic Control	Precise thermal management
Condenser/Fan	Active heat dissipation
