

# Commercial Vegetable Dicing and Slicing Machine

This commercial vegetable cutter is designed for efficient and precise food preparation. It features a stainless steel construction for durability and hygiene, along with a cutting mechanism for slicing, dicing, and shredding various vegetables.

## ADDITIONAL IMAGES

## Product Overview

### Professional Vegetable Processing Solution

This high-performance vegetable dicing and slicing machine is engineered for commercial food service environments, providing consistent and efficient preparation. Constructed with durable stainless steel and robust aluminum alloy components, it offers long-term reliability for high-volume kitchens. The unit features integrated safety sensors and a waterproof control system to ensure operator protection and operational longevity during intensive daily use.

## Technical Specifications

### Power Rating

**750 W**  
Power

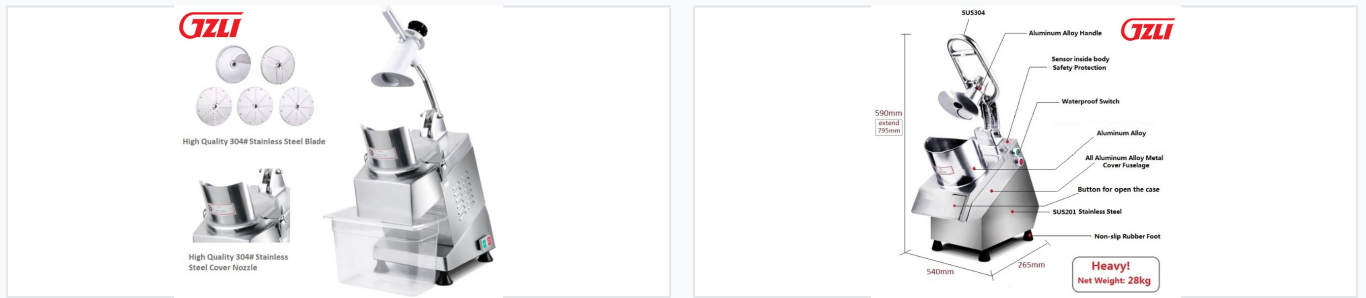

### Dimensions and Weight

- Dimensions: 675 x 345 x 540 mm
- Net Weight: 30 kg

### Electrical Requirements

110V/60Hz, 220V/50Hz

## Operational Features

### Safety and Build

Waterproof Switch, Safety Sensor, Non-slip Rubber Feet, SUS304 Stainless Steel

## Model Comparison

### Model Parameters

Model	Power	Weight (N.W)
WED-QC205	350W	19kg
WED-QC205A	750W	26kg
WED-QC205B	750W	25kg

## Support and Compliance

### Certifications and Service

- Certification: CE Certificate
- Warranty: 1 Year on Components
- Support: Video Technical and Online Support
