

Common Rail Injector Nozzle DLLA150S187

This common rail injector nozzle is designed for optimal fuel atomization and combustion efficiency in diesel engines. The durable and reliable nozzle is a vital component for maintaining and optimizing common rail diesel injection systems.

Product Overview

High-Performance Diesel Injector Nozzle

This common rail injector nozzle is engineered for optimal fuel atomization and combustion efficiency in diesel engines. Designed for precise fuel delivery, it contributes to improved engine performance, reduced emissions, and enhanced fuel economy. Built with durable steel materials, this component is essential for maintaining and optimizing heavy-duty diesel injection systems.

Technical Specifications

Body Material	Steel
Unit Weight	0.04 kg
Fuel Compatibility	Diesel
Carburettor Type	Downdraft

Compliance & Quality

Certifications	ISO9001, TS16949
Warranty Period	6 Months

Logistics

HS Code	84099199
Packaging	Diversified Neutral Packing

Cross-Reference Data

Compatible Part References

Item Type	Reference No.	Stumping No.
Injector Nozzle DN_PDN	105007-1120	DN0PDN112
Injector Nozzle DN_PDN	093400-8220	DN0PDN121
Injector Nozzle DN_PD	093400-5571	DN4PD57
Injector Nozzle P	093400-5500	DLLA160P50
Injector Nozzle S	0 433 271 046	DLLA150S187
