

Compact 3-Door SUV with 1.8L Engine and Automatic Transmission

This compact SUV features a 3-door configuration and a 1.8L engine paired with an automatic transmission. It is designed for both on-road and light off-road use.

Overview

Compact 3-Door SUV Performance

This compact 3-door SUV is engineered for versatility, combining a 1.8L engine with a 5-speed manual transmission to deliver a balanced driving experience. With a robust unitary body structure and four-wheel disc brakes, it provides reliable handling for both urban commuting and light off-road terrain. The vehicle is designed to accommodate 4 passengers comfortably while maintaining efficient fuel consumption and capable climbing gradients.
