

Compact Beer Display Refrigerator with Glass Door

This compact beer display refrigerator features a built-in refrigeration unit and a transparent glass door. It also includes adjustable shelves for customized storage and a durable wooden cabinet with open shelving.

Overview

Compact Display Solution

This compact beer display refrigerator is designed for efficient cooling and attractive product presentation. Featuring a transparent glass door, it allows for clear visibility of contents, making it an ideal choice for commercial or residential environments. The unit combines durable construction with practical storage features, including adjustable shelves and side handles for easy mobility.
