

# Compact Beverage Display Freezer

This compact freezer is designed to store and display beverages. It features efficient cooling to maintain a consistent temperature.

## Product Overview

### Compact Beverage Display Solution

This compact beverage display freezer is designed for efficient, reliable cooling in commercial or high-traffic retail environments. Featuring compressor-based cooling technology, it maintains a consistent temperature range of 0-10°C to ensure beverages are served at the optimal chill. Its space-saving design makes it an ideal choice for countertop displays, while the robust build ensures durability for daily professional use.

## Technical Specifications

### Cooling Performance

<b>0 °C</b> Min Temperature	<b>10 °C</b> Max Temperature	<b>82 W</b> Input Power
--------------------------------	---------------------------------	----------------------------

### Climate Class

N

### Voltage Compatibility

- AC110V/60Hz
- 200-240V/50Hz

### Daily Power Consumption

0.7 kWh/24h

### Refrigerant

R134a (40g)

## Dimensions and Weight

### Dimensions & Weight

Metric	Value
Inner Size (mm)	330 x 275 x 470
Product Size (mm)	400 x 415 x 733
Packing Dimensions (mm)	445 x 446 x 777
Net Weight	19 kg
Gross Weight	21 kg

## Logistics

### Container Load Capacity (FCL)
