

# Compact Beverage Display Refrigerator with Bottle Opener

This compact refrigerator is designed for displaying and cooling beverages. It features a built-in bottle opener on the side for convenience.

## Product Overview

### Compact Beverage Display Solution

This compact beverage display refrigerator is engineered for efficient cooling and high-visibility storage. Featuring a reliable compressor-based cooling system, it maintains adjustable temperatures between 0-10 °C, making it ideal for keeping drinks perfectly chilled in retail or hospitality environments. The unit includes a convenient built-in bottle opener and a space-saving design that maximizes storage capacity.

## Technical Specifications

### Temperature Range

<b>0</b> Min Temp	<b>10</b> Max Temp
----------------------	-----------------------

Cooling System	Compressor
Refrigerant	R134a/45g

## Electrical Requirements

Voltage/Frequency	110V/60Hz, 200-240V/50Hz
Input Power	76 W
Power Consumption	0.85 kWh/24h

## Dimensions and Capacity

### Weight

Type	Weight
Net Weight	22
Gross Weight	24

Product Dimensions (WxDxH)	435 x 475 x 689 mm
----------------------------	--------------------

## Logistics

### Container Loading Capacity

- 20GP: 108/144 pcs
- 40GP: 228/288 pcs
- 40HQ: 108/288 pcs
