

Compact Camera Tripod with Adjustable Legs

This compact tripod is a lightweight and portable support system for cameras and other devices. It features adjustable legs with non-slip feet and a pan-and-tilt head for easy camera mounting.

Product Overview

Professional Lightweight Support

This compact tripod is designed for maximum portability and ease of use in various photography and mounting applications. Constructed from durable aluminum, it offers a stable base while remaining exceptionally lightweight for transport. Featuring adjustable legs and a swiveling mount, it provides the versatility required for professionals on the go.
