Product Overview

High-Efficiency PTC Ceramic Heating

This compact ceramic fan heater utilizes advanced PTC heating technology to provide rapid, consistent warmth for indoor spaces. Designed with safety as a priority, the unit includes essential features such as overheat protection and a tip-over shutoff switch. Its slim, tower-style design features oscillation capabilities, ensuring even heat distribution throughout the room.

Technical Specifications

Power Output

2000 W
Rated Power

Voltage & Frequency

220-240V ~ 50Hz

Heating Settings

Cool Wind, Warm Wind, Hot Wind

Features & Safety

Safety Protections

- Overheat protection
- Automatic tip-over switch

Operational Functions

- Wide angle oscillation
- Adjustable temperature control
- Optional LED display
