

Compact Electric Spice and Coffee Grinder

This compact pulverizer is designed for grinding dry materials such as spices, coffee beans, nuts, and grains. It features a transparent dome lid for monitoring the grinding process and a stainless steel grinding chamber for durability and easy cleaning.

Product Overview

Compact Electric Grinder

This compact electric grinder is designed for efficient processing of dry materials including coffee beans, spices, nuts, and grains. Built with a durable stainless steel grinding chamber, it ensures long-lasting performance and easy maintenance. Its space-saving design and simple operation make it an ideal solution for professional or commercial kitchen environments requiring consistent, compact grinding capabilities.

Technical Specifications
