

Compact Electric Tile Saw

This compact electric tile saw is equipped with a high-speed diamond blade for making precise cuts on ceramic, porcelain, and stone tiles. It features an adjustable cutting depth and a water cooling system to minimize dust and extend blade life.

Product Overview

Professional Tile Cutting Performance

This compact electric tile saw is engineered for precision and durability in professional tiling projects. Equipped with a high-speed diamond blade, it delivers clean, accurate cuts across ceramic, porcelain, and stone materials. Its integrated water cooling system effectively minimizes dust while extending the life of the blade, making it a reliable tool for both wet and dry cutting applications.

Technical Specifications

Key Features

- Adjustable cutting depth
- Water cooling system
- High-speed diamond blade
- Durable construction

Compatible Materials	Ceramic, Porcelain, Stone
Cutting Modes	Wet Cutting, Dry Cutting
