

Compact Electric Tile Saw

This compact electric tile saw is designed for cutting ceramic, porcelain, and stone tiles. Its lightweight design and powerful motor provide portability and efficient cutting performance.

Product Overview

Compact Electric Tile Saw

This compact electric tile saw is engineered for precision cutting of ceramic, porcelain, and stone tiles. Its lightweight design combined with a powerful motor ensures portability without sacrificing cutting efficiency. Equipped with an integrated water cooling system, it effectively reduces dust and extends the lifespan of the blade, making it an ideal choice for both professional contractors and DIY tile installation projects.

Technical Specifications

Key Features

- Lightweight and portable design
- Integrated water cooling system
- Adjustable cutting guide
- Durable construction

Compatible Materials	Ceramic, Porcelain, Stone
Cooling System	Yes
