

Compact Electric Tile Saw with Water Cooling

This compact electric tile saw is designed for cutting ceramic, porcelain, and glass tiles. It features a water cooling system to reduce dust and friction during cutting.

Product Overview

Compact Electric Tile Saw

This compact electric tile saw is designed for precision cutting of ceramic, porcelain, and glass tiles. It integrates a water cooling system to minimize dust and reduce friction, ensuring a cleaner workspace and extended blade life. Equipped with a sliding table and adjustable rip fence, it offers consistent sizing and accurate results for professional-grade tile installation projects.

Technical Specifications

Cutting Blade	Diamond cutting blade
Cooling Method	Water cooling system
Safety Equipment	Safety Guard, Dust Reduction

Application

Compatible Materials

- Ceramic tiles
- Porcelain tiles
- Glass tiles
