

Compact Electric Travel Iron with Steam Surge

This compact electric iron features surge steam functionality. Designed for travel or small ironing tasks, this iron has a non-stick soleplate and adjustable temperature settings.

Product Overview

Compact Steam Solution

This compact electric iron is engineered for efficiency, making it an ideal companion for travel or small-scale ironing tasks. It features a non-stick soleplate for smooth gliding and adjustable temperature settings to accommodate various fabric types. With an integrated steam surge function and a transparent water reservoir, it provides professional-grade wrinkle removal in a portable package.
