Overview

Compact Excavator Excellence

This compact excavator is engineered for high-performance operation in confined environments, featuring a zero tail swing design that maximizes safety and maneuverability. Built for versatility, it excels at digging, lifting, and grading tasks while minimizing ground disturbance through its track system. Its robust hydraulic architecture and ergonomic design ensure precise operator control and long-term service reliability.

Performance Metrics

Maximum Digging Force

25.7 KN

Maximum Digging Force

Maximum Traction 29 KN

Maximum Gradeability 58 %

Operational Specifications

Hydraulic Operating Pressure 21 Mpa

Travel Speed 3.5 - 4.5 km/h
