

Compact Fluorescent Spiral Lamp

This energy-saving lamp is a compact fluorescent model. Its spiral tube shape increases surface area and enhances light output.

Product Overview

Energy-Efficient Spiral CFL

This compact fluorescent lamp (CFL) features a distinct spiral tube design, engineered to maximize surface area and deliver superior light output. Designed for both residential and commercial general lighting, it offers significant energy savings compared to traditional incandescent bulbs. Its long lifespan reduces the need for frequent replacements, making it a cost-effective and reliable lighting solution.

Technical Specifications

Color Temperature

2700 K
Color Temp

Voltage	110V, 220V
Base Type	E26/E27
Shape	Spiral

Features

Recommended Applications

- Residential Lighting
- Commercial Lighting
- General Illumination
