

Compact Folding Bicycle with 16-Inch Wheels

This compact folding bicycle is designed for urban commuting and easy storage. It features a lightweight frame with a folding mechanism, single-speed drivetrain, rim brakes, and 16-inch wheels, along with an adjustable seat post and handlebar stem.

Overview

Efficient Urban Mobility

This compact folding bicycle is engineered specifically for urban commuting and seamless storage in tight spaces. Featuring a lightweight frame with a central folding mechanism, it offers exceptional portability for multi-modal transport. The 16-inch wheels and adjustable components ensure a comfortable ride, making it an ideal solution for short city trips and convenient daily transportation.
